## Revised Fee Schedule

Enclosed with your June 2010 statement is a revised fee schedule. Any changes are effective August 1, 2010.

We hope you like the new look and the addition of Power Point values for certain service fees.

## Revised Truth-in-Savings Disclosure

On the reverse side of our new fee schedule is revised Truth-in Savings Disclosure. Our recent change to a federally charter credit union made a few disclosures necessary regarding maintaining a full share (\$5.00) in your primary savings account. If you have any questions at all about this disclosure, please feel free to call us.

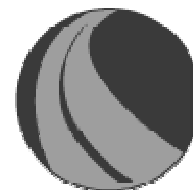

## Closed Monday, July 5

Our main office will be closed to celebrate our nation's Independence Day. Remember, you can still access your account through the Audio Response, It's Me 247 online, and with your debit or credit card.

And please celebrate safely!
